In-House Training

LEADING EXCELLENCE

Learn how to apply EFQM Model, identify areas for improvement and lead your organization to success

OVERVIEW

PRIMARY OBJECTIVES & BENEFITS

One of the first steps that Leaders in an organization need to undertake is to establish why the organization exists and what it wants to achieve. If Leaders do not clarify and communicate the Vision, Mission and Strategic Objectives to their team, there may be assumed inaccurate purposes for the organization. Leading Excellence training course is designed for leaders who wish to understand and apply the EFQM Excellence Model within their working environment to achieve the best results. Using real application documents and simple effective tools, leaders will learn how to identify areas for improvement and adopt a structured approach to effectively address them. This course will enhance delegates' knowledge in excellence and emerging its concept in day to day process.

This workshop will help participants to:

1. Gain a thorough understanding of EFQM Excellence Model.
2. Be able to understand the definition of Excellence as a competitive advantage and the Fundamental Concepts of Excellence.
3. Be able to use the RADAR Methodology in assessing excellence maturity and using scoring sheets to measure it.
4. Understand how to effectively communicate with stakeholders and colleagues.
5. Learn how to translate Vision, Mission and Strategic Objectives into practice.
6. Learn how to interpret an assessment feedback report.
7. Identify and focus on the areas for improvement.
8. Prepare themselves and leadership team for the Excellence Site Visit.

WHO SHOULD ATTEND?

This course is designed for leaders who are engaged in quality management implementation and improvement of organizational performance.
